

KATRINA PO

FRONT END DEVELOPER | JAVASCRIPT, REACT.JS

SUMMARY

Front-End Developer who is passionate about coding modern and user-friendly interfaces that are highly responsive and optimized. I have practical experience in participating in all stages of the development life cycle from requirements gathering to deployment. I can work independently, and in a team, and I am able to work in a fast-paced environment. I am a self-motivated quick learner, and I am able to learn different technologies as needed. I am seeking an opportunity where I can grow my technical ability and contribute to providing optimal solutions to business problems.
